## Presidents Message

Well, we all made it to another year. Congratulations to all!!!

I believe this is the year for change at the club. As you all know, we have been struggling over the past few years to make ends meet and our membership has been on a steady decline. Your board of directors has been working tenaciously to restructure our club to reduce our monthly costs and to put together a business plan to address our diminishing membership. Restructuring is hard and not everyone will agree with some of the moves we are making. Keep in mind; each and every board member has the best interest of the club at heart when these decisions are made - nothing is done in a vacuum.

We need everyone to use the club and to recruit new members. The higher the membership numbers and the more people that use the club, the better off we will be.
